

METAL CONSTRUCTION ASSOCIATION DESIGN AWARDS

2023 ENTRY FORM

Enter your metal building project in the MCA Design Awards contest!

Complete this form electronically and attach it as a PDF to an email that includes a link to download project photos (and, optionally, video) from a file transfer or file-share site, such as Dropbox or Box. Entries must be sent by midnight CDT June 30, 2023, to pdeffenbaugh@kenilworth.com.

The Metal Construction Association will announce the award recipients live at METALCON, the metal construction industry's largest trade show. The winning companies and projects will be promoted online, on social media, in industry trade publications, and in newsletters to the industry and to the architecture and design community.

- Projects must have been completed between January 1, 2022, and June 30, 2023.
- Entries can be submitted in multiple categories, but each entry is eligible to win in a single category.
- Projects must involve an MCA member company.
- Please see the Terms and Conditions page for eligibility, award criteria, and more.

PROJECT ENTRY CATEGORIES

Select the category the exemplifies a particular product in your design. Entries may be submitted in multiple categories but can win only one.

Metal composite materials (MCM)	Metal retrofit (roof and/or wall systems)	Metal roof (commercial)	Solar integration with metal
Insulated metal panels (IMP)	Metal roof (residential)	Metal in custom or ornamental design	Innovative use of an onsite rollformer
Single-skin metal wall panels			

PROJECT SPECS

METAL CONSTRUCTION ASSOCIATION DESIGN AWARDS 2023

Entry Terms and Conditions

The Metal Construction Association Design Awards is the awards program of the Metal Construction Association, 8735 W. Higgins Road, Suite 300, Chicago, IL. Questions regarding entry eligibility and submission may be sent to info@metalconstruction.org. MCA is not able to confirm receipt of entry.

PROJECT REQUIREMENTS

- Projects must have been completed between January 1, 2022, and June 30, 2023.
- Projects must involve an MCA member company. The MCA member company could be a manufacturer, distributor, or supplier of a product, paint, coating, or accessory or be a fabricator, installer, or other provider of a service required for construction. To see which companies involved in your project are MCA members, go to MetalConstruction.org/product-locator.

HOW TO ENTER

Entries must be sent to pdeffenbaugh@kenilworth.com. Complete the fillable PDF entry form electronically and attach it to an email that includes a link to download project photos from a file transfer or file-share site, such as Dropbox or Box.

JUDGING PANEL & CRITERIA

A panel comprising architects and metal construction industry leaders will assess entries based on:

- overall design excellence
- innovative use of metal building products
- significance of metal in the overall project

2022 CONTEST DEADLINE

Entries are due by midnight CDT June 30, 2023.

ENTRY CATEGORIES

Entries can be submitted in multiple categories, but each entry is eligible to win in a single category. Categories are:

- Metal composite materials (MCM)
- Insulated metal panels (IMP)
- Single-skin metal wall panels
- Metal retrofit (roof and/or wall systems)
- Metal roof (residential)
- Metal roof (commercial)
- Metal in custom or ornamental design
- Solar integration with metal
- Innovative Use of an Onsite Rollformer

AWARD ANNOUNCEMENTS & PROMOTION

The Metal Construction Association will announce the award recipients in September. The winning projects and other submissions will be on display at METALCON 2023 in Las Vegas. Winning companies and projects will be promoted online, on social media, in industry trade publications, and in newsletters to the metal construction industry and the architecture and design community.

PHOTOGRAPHY REQUIREMENTS

Digital images from the project must be submitted with your awards entry, per the How to Enter terms above. Submission of video is optional. By submitting images or video to this contest, you attest that you have the rights to share those images/video for publication and you give permission for the Metal Construction Association to use those photos/video in awards coverage and in promotion of the metal construction industry, both online and in print (with any mandatory photo credit).

- Maximum file size per photo is 1.5 MB.
- At least four photos per project must be submitted
- MCA welcomes the submission of video in addition to photographs; please email info@MetalConstruction.org to arrange the transfer of applicable video for your entry.
- Metal Retrofit category entries must include “before” and “after” photos to provide contrast.
- Please use the Photographer field in the entry form to provide mandatory photo credits. If photo copyright is held by your company, please include the company name in that entry field to clarify.
